To Whom It May Concern:

Wilson Bateman, President of Global Training Edge has presented at the Safety Services Nova Scotia conference and tradeshow for the past 10 years on various topics and subjects from motivational to occupational health & safety. We continue to bring Wilson back each year due to the incredibly positive evaluations from the delegates and the continuous requests to have him present again. His sessions always fill up to capacity.

In 2008, Wilson presented the "Seven Safety Habits that can Save Your Life" to rave reviews from the delegates and we strongly recommend the speaker and presentation.

Wilson is an excellent communicator and presents with humour and enthusiasm, keeping the audience engaged whether it is a small group or a large keynote presentation.

I highly recommend Wilson Bateman as a motivational speaker as well as a subject matter expert on occupational health and safety.

Sincerely,

Jackie Norman
President & CEO
